

The Culture of
Sir Winston Churchill Lodge #351

Who We Are

- We are a lodge of "high interest" Masons; brothers that display a high level of commitment and enthusiasm for Masonry.
- We are a lodge of "high expectations" Masons; brothers who take pride in our personal contribution to our lodge endeavors.
- We are a lodge of men who enjoy each other's company and who yearn for a greater depth of camaraderie and sense of true brotherhood.
- We are a lodge of men who celebrate the traditions of our fraternity and of Masonry's original mother jurisdiction - Grand Old England - and embrace the opportunity of doing something better, and often new, to enhance the Masonic experience.
- We are a lodge of men whose minds and spirits embrace and are respectful of open and honest philosophical discussion.

What We Expect

- All members will take an active role in some position or facet of the lodge.
- Members will periodically contribute in the hosting of our gatherings and/or supplying libations to share.
- Members will have an understanding of the Emulation Ritual and know the role of degree sideliners.

What is Unique About Us

- We usually meet in members' homes and gatherings have strong fraternal and philosophical elements.
- We limit the size of our membership (currently set at 60).
- We are generous in providing for our lodge gatherings and in reaching out in our charitable giving.
- We strongly encourage members to retain membership in their "home" lodge and act as a conduit for good ideas between the two lodges.

- We periodically travel to foreign jurisdictions, as ambassadors of fraternal bonds.
